Product specification

Fiber optic cleaning fluid is a non-flammable, environmentally friendly, residue-free solvent designed to clean fiber plug end surfaces and bare fibers prior to field termination or fusion splicing. The 3-way dispenser is intended for easy one-handed use with fiber wipes, convenient wetting of CCT connector cleaning tips, and spray nozzle functionality. Packaged in unique, spill-proof cans, it can be shipped with connector cleaning and termination kits so technicians avoid wasting time sourcing a cleaner locally. Offering high purity and fast consistent cleaning.

- Not Hazardous/Not Regulated for all modes of transport, including air cargo
- Unique dispenser for use with connector cleaning tips and fiber wipes
- Up To 400+ cleanings per can
- Dries without a residue, unlike alcohol
- Dissipates static charge
- Safe on all surfaces including soft plastics
- Applications
- Cleans all types of connector end-faces
- Cleans bare fiber before field terminating or fusion splicing
- Removes oils, salts, dust, dirt and uncured epoxies
- Safe on glass, ceramic, metal, plastic optical fiber
- Compact size fits easily into tool kits, instrument cases, termination kits, and inspection kits
- Perfectly cleans all optic components
